

BIOGRAPHICAL INFORMATION

RAUL R. RIOS

Raul R. Rios is the President of *3R Creative*, which develops Websites, videos and other forms of media production and *Riverstine Hosting*, a company that provides hosting and technical support services for Websites. He is also the Founder of *The Future Within* a youth motivational program that teaches youth how to make high-quality multimedia productions.

Mr. Rios is accomplished in many areas of marketing, sales, film /video production and other areas of creative development and execution. Currently, through *The Future Within*, he shares this substantial knowledge and expertise by teaching and motivating students through a series of unique training workshops in technology-based multimedia production.

This workshop series is customizable to fit the needs of virtually any group. Furthermore, it incorporates the exciting mediums of video and other communications technologies with the fundamental life skills needed for youth to discover and develop successful career choices rooted in their interests and imagination.

Summary of accomplishments:

- Earned an **Emmy**, the highest television award;
- Operates a full service **Marketing/Advertising Consulting**;
- Produced and directed a national public service announcement for **McDonald's Corporation**;
- Produced and directed a 16mm film music video—aired on **M-TV**;
- Produced numerous documentaries for television;
- Produced several “commissioned” video productions for major universities;
- Founded **The Future Within** a series of unique training workshops for technology-based multimedia and youth motivation.
